Description

This 2020 Ford Transit 350 Leader is a robust and highly capable long-wheelbase van, designed to meet the needs of demanding commercial operations. Registered in 2020 and powered by a 2.0-litre EcoBlue Euro 6 diesel engine producing 128 BHP, it combines impressive performance with the efficiency and compliance expected from a modern work vehicle. This example is the sought-after L4 H3 RWD configuration, offering maximum load capacity and stability on the road, with just one previous owner from new.

Boasting an exceptional 14,100-litre cargo volume, it delivers far greater space than many competitors, making it perfect for businesses that require substantial transportation capacity.

The high roof and extended length provide unmatched practicality for bulky loads, while the tow bar adds further versatility for hauling trailers or additional equipment.

Finished in the functional and professional Leader trim, this Transit is equipped with parking sensors for easier manoeuvring, air conditioning for comfort in all weather, and Bluetooth connectivity to keep you in touch while on the move. A bulkhead and ply lining protect both driver and cargo, while electric windows, digital DAB radio, and power-assisted steering (PAS) add convenience to every journey.

Built to handle heavy loads and challenging routes with ease, this Transit 350 Leader offers outstanding space, power, and dependability — making it a superb investment for any business that demands performance and capacity in equal measure.

- *Serviced at: 18k, 35k, 56k & 89k miles
- *1 Owner from new
- *EURO 6 / ULEZ Compliant
