Key Exterior Features: This model showcases a motorsport-inspired front end with bold air intakes, an aerodynamic front bumper, and an integrated front splitter. The aggressive styling continues with a honeycomb front grille, sports side skirts featuring a black decal, and flared wheel arches with gloss black vents. At the rear, the sports bumper is enhanced by an integrated diffuser, while an all-new motorsport-inspired rear spoiler provides additional downforce. Finishing off the striking look are exclusive 19" Anthracite alloy wheels and LED headlights with glare-free high beam, ensuring both style and visibility on every journey.

Key Interior Features: Step inside and experience a performance-inspired interior featuring ergonomic heated sports seats with bucket-style bolsters, finished in eco-leather and suede with distinctive contrast blue stitching. The heated sports steering wheel also features a 12 o'clock blue marker and matching blue stitching, giving a motorsport feel. Convenience is built-in with automatic headlights, rain sensor, front and rear parking sensors, and a Quickclear heated windscreen for those colder starts. The cabin is finished off with the latest SYNC 4A infotainment system, offering a 12" touchscreen with wireless Apple CarPlay and Android Auto for seamless connectivity.
