Description

Offered here is a 2019 (69 reg) Ford Transit Connect 240 1.5 TDCi 120 L2H1 Leader EcoBlue, finished in clean and professional Frozen White. This long wheelbase, low roof model is powered by an economical and reliable 1.5-litre Euro 6 diesel engine producing 120 BHP — making it an ideal compact van for city work, deliveries, and small business use.

Key Exterior Features: The van's crisp Frozen White finish gives it a smart, business-ready look. Its compact size allows for easy manoeuvring in tighter urban environments, while still offering excellent load space thanks to the long wheelbase (L2) configuration.

Key Interior Features: Inside, the cabin is built for functionality and comfort. Features include Air Conditioning for year-round comfort, Bluetooth Connectivity for hands-free calls and audio, and Electric Windows for driver convenience. A solid Bulkhead separates the load area from the cabin, enhancing safety and comfort.

Extra Features: The rear is fully Ply Lined to protect the load space and maintain durability over time. With Power-Assisted Steering (PAS), this Transit Connect offers smooth, confident handling — perfect for daily commercial driving demands.

This 2019 Ford Transit Connect Leader L2H1 offers great value as a compact yet capable work van. With low running costs, a practical spec, and a clean, tidy appearance, it's a smart choice for sole traders, small fleets, or delivery services. Available with flexible finance — contact us today to arrange a test drive or viewing!
