## Description

This 2023 23 reg Renault Trafic SL28 2.0 DCI Blue 130 Business SWB Low Roof is a practical and well-presented panel van finished in a sleek Grey, offering a professional look with versatile functionality for tradespeople, fleet operators, and small business owners. Designed to be both efficient and reliable, this short wheelbase Trafic is the ideal choice for urban driving and tight access jobs, without compromising on load capacity.

Externally, the van stands out with its clean lines and factory Grey finish, enhanced by the addition of a durable roof rack—perfect for transporting ladders, pipes, or long tools. The compact low-roof configuration improves aerodynamics while ensuring entry to multi-storey car parks and height-restricted

sites.

Inside, this Business model is equipped with practical features such as Bluetooth connectivity for hands-free communication, a solid full-height bulkhead for added security and driver protection, and ply lining to protect the interior walls from wear and tear during loading. Twin electric mirrors and electric front windows provide added ease and convenience, while Remote Central Locking ensures quick, secure access to your vehicle.

This Renault Trafic also benefits from smooth Power Assisted Steering (PAS), making manoeuvring and city driving effortless, and with the 2.0 DCI Blue 130 engine, it offers an excellent balance of performance and economy. Whether you're delivering goods, carrying tools, or outfitting the van for your trade, this well-equipped, low-mileage example is ready to work for your business.
