Description

The 2021 (71) Mercedes-Benz Sprinter 315 2.0 CDI 150 BHP L3 H2 Progressive offers the perfect blend of performance, practicality, and premium quality. Finished in Arctic White, this long wheelbase, high roof model is designed for serious load-carrying capability while maintaining the comfort and refinement you'd expect from Mercedes-Benz.

Powered by a 2.0-litre CDI diesel engine delivering 150 BHP, it provides smooth, efficient performance ideal for both long-distance driving and heavy-duty work. The L3 H2 configuration ensures generous cargo capacity, while the bulkhead and ply lining help protect your goods and maintain the vehicle's condition.

This Progressive model is well-equipped with parking sensors and a reverse camera for easy manoeuvring, satellite navigation for stress-free route planning, and air conditioning for driver comfort. A multi-function steering wheel puts key controls at your fingertips, while cruise control, Bluetooth connectivity, and a DAB radio enhance convenience on the move. Additional features include auto headlights, electric mirrors and windows, and PAS (Power Assisted Steering) for effortless handling.

With its strong build, efficient engine, and well-rounded specification, this Sprinter Progressive is an outstanding choice for businesses looking for a reliable, capable, and professional-grade van.
