## Description

The 2022 (22) Ford Transit 350 TDCi 130 L3H3 Leader EcoBlue delivers exceptional load capacity, dependable performance, and everyday practicality—perfect for businesses requiring a reliable large van. Finished in Frozen White, it offers a professional appearance that complements its robust build and versatile design.

Powered by a 130 BHP EcoBlue diesel engine, this long wheelbase, high-roof (L3H3) model provides ample power for heavy loads while maintaining impressive fuel efficiency. The extended height and length create a generous cargo space, enhanced by a full bulkhead for driver protection and ply lining to preserve the load area from wear and tear.

Inside, the Transit is equipped with air conditioning for comfort in all seasons, Bluetooth connectivity for hands-free communication, and a DAB radio for enhanced audio quality. Electric windows and PAS (Power Assisted Steering) further add to ease of use during daily operation.

Combining Ford's proven durability, class-leading space, and essential modern features, this Transit 350 L3H3 Leader EcoBlue is a workhorse designed to keep your business moving efficiently and reliably.
