Description

This 2019 69 reg Nissan X-Trail 1.7 DCI 150 N-Connecta is a stylish, capable, and family-friendly SUV, blending practicality with premium touches. Powered by a smooth and efficient 1.7L DCI diesel engine delivering 150 BHP, it offers a refined driving experience with the versatility to handle both urban commutes and longer adventures.

Finished in crisp white, its commanding presence is enhanced by alloy wheels, roof rails, and front fog lights, while parking sensors and a reverse camera make manoeuvring effortless. The powered boot door adds further convenience, and a tow bar boosts its utility for trips away or light towing needs.

Inside, the cabin is designed for comfort and versatility, featuring air conditioning, Bluetooth connectivity, and a CD player alongside satellite navigation to keep you connected

and on course. The panoramic roof floods the cabin with natural light, while thoughtful details like middle seat cup holders and a clever pass-through to boot storage when the seat is folded down make family travel easier.

Further highlights include electric mirrors and windows, a spare wheel, and power assisted steering (PAS) for a smooth drive. With its balance of style, comfort, and clever practicality, this X-Trail is perfectly suited to both everyday use and weekend getaways.
