Description

The 2024 74 reg Ford E-Transit Custom 320 65kWh 136 BHP L1H1 Limited Electric Auto finished in the striking Artisan Red presents a cutting-edge solution for businesses seeking efficiency, sustainability, and premium features in one package. Powered by a 65kWh battery delivering 136 BHP, this fully electric van offers smooth, quiet, and eco-conscious performance while benefitting from the OLEV Plug-In Grant for vans over 2500kg, making it both a practical and cost-effective choice.

On the exterior, its bold Artisan Red finish is complemented by 17-inch twin-spoke Carbonised Grey alloy wheels, giving it a modern and professional presence. Practicality is enhanced

with parking sensors and a reverse camera, ensuring safe and confident manoeuvring in tighter spaces. The L1H1 size offers excellent versatility, making it ideal for urban and city-based businesses needing capacity without compromising agility.

Inside, the Navigation Pack, air conditioning, and cruise control ensure a comfortable and connected driving experience. The addition of Bluetooth, DAB radio, and a user-friendly infotainment system makes communication and entertainment effortless. Driver convenience is further enhanced with auto headlights, electric mirrors, and electric windows, ensuring a smooth, hassle-free operation day-to-day.

The rear load area is fully prepared for business use, with a bulkhead and ply lining providing both durability and protection for cargo. This setup makes it ready to adapt to a wide range of industries, from delivery services to specialist trades.

Combining forward-thinking electric technology, refined features, and impressive practicality, this Ford E-Transit Custom Limited Electric Auto is the perfect solution for businesses looking to embrace the future of transport while maintaining everyday reliability and capability.
