Description

The 2024 74 reg Mercedes Sprinter 315 2.0 CDI 150 BHP L2 H2 Progressive Freezer Van finished in Arctic White offers the perfect blend of capability, reliability, and specialist functionality. Powered by a 150 BHP 2.0-litre CDI diesel engine, this model delivers strong performance and efficiency, making it ideally suited for demanding business use, especially in temperature-controlled transport.

Externally, the Sprinter is designed with practicality in mind,

featuring auto headlights, a Safe T Bar, and the robust L2 H2 body configuration, offering generous cargo space without compromising manoeuvrability. The vehicle is fully ply lined and fitted with a bulkhead for durability and separation of cargo, with freezer specification including overnight standby for round-the-clock temperature control.

Inside, comfort and connectivity are well catered for with a multi-function steering wheel, cruise control, and Bluetooth integration. Additional convenience comes from electric windows, a DAB radio, and easy-to-use driver controls, ensuring a comfortable and practical driving experience.

Purpose-built for businesses requiring refrigerated logistics, this Sprinter Progressive Freezer Van combines Mercedes-Benz build quality with modern freezer technology, making it a dependable solution for professionals who need both performance and reliability in their fleet.
