### Description

The 2022 72 reg Mercedes Vito 114 2.0 CDI 136 BHP L3 H1 Progressive Fridge Van, finished in Arctic White, is a premium refrigerated vehicle built to meet the demands of businesses requiring reliable and efficient temperature-controlled transport. Powered by a refined 2.0 CDI 136 BHP engine, it delivers strong performance with excellent fuel efficiency, ensuring it is as economical as it is practical.

On the exterior, the long wheelbase (L3) provides generous load capacity, while the clean Arctic White finish gives a

professional appearance. Practical features such as the reverse camera make manoeuvring effortless, and auto headlights add convenience and safety during low-light driving.

Inside the cabin, the focus is on comfort and functionality. The multifunction steering wheel with trip computer puts key controls at your fingertips, while cruise control and air conditioning help to make longer journeys smoother and more efficient. Bluetooth connectivity, DAB radio, electric mirrors, and electric windows add modern convenience, ensuring the driver enjoys both comfort and connectivity.

This Vito is fitted with a high-quality fridge conversion with overnight standby, making it ideal for businesses transporting perishable goods. The bulkhead and lined interior ensure cargo remains secure and the load space well protected, while power-assisted steering (PAS) enhances manoeuvrability in both urban and motorway environments.

Overall, this Mercedes Vito 114 Progressive Fridge Van combines premium build quality with efficiency and specialist refrigerated capability, making it an excellent choice for businesses needing dependable and professional chilled transport.
