Description

The 2022 72 reg Mercedes Vito 114 2.0 CDI 136 BHP L3 H1 Progressive Fridge Van finished in Arctic White offers the perfect combination of premium Mercedes build quality and practical refrigerated capability. Powered by the refined 2.0 CDI engine delivering 136 BHP, this long wheelbase Progressive model provides smooth, efficient performance while maintaining the durability required for daily business use.

Externally, its professional Arctic White finish is complemented by modern features such as auto headlights and a reverse camera for added safety and convenience when maneuvering. The L3 H1 body ensures generous load

capacity, while the factory-fitted fridge conversion makes it ideal for transporting temperature-sensitive goods.

Inside, the cabin is designed with comfort and technology in mind, featuring a multifunction steering wheel with trip computer, cruise control, Bluetooth connectivity, and digital radio (DAB) to keep the driver connected and in control.

Electric mirrors and windows add further ease of use, making every journey more convenient.

With its lined cargo area, bulkhead for load separation, and the renowned Mercedes reputation for reliability, this Vito Progressive Fridge Van is an excellent choice for businesses requiring a modern, efficient, and professional refrigerated solution.
