Description

The new model Ford Ranger 2.0 TD 205 bhp Wildtrak EcoBlue Auto represents the next generation of pickup performance, luxury, and capability. Finished to an exceptional standard, this latest Wildtrak blends rugged strength with refined comfort, offering the perfect balance between workhorse practicality and premium everyday usability.

Powered by a 2.0-litre EcoBlue diesel engine producing an impressive 205 bhp, paired with a smooth automatic gearbox, this new Ranger delivers outstanding torque, towing capacity, and on-road refinement. Its advanced drivetrain and build quality make it equally capable on construction sites, open roads, or off-road terrain.

The exterior commands attention with its bold, muscular design and alloy wheels, complemented by LED headlamps, front and rear parking sensors, and a reverse camera for maximum visibility. The load liner ensures the rear bed remains durable and ready for heavy use, while the heated windscreen and electric heated mirrors provide convenience in all weather conditions.

Step inside and you'll find a premium cabin packed with technology and comfort. The leather seats, heated front seats, and digital cockpit create a refined driving environment, while the colour touchscreen with satellite navigation, Apple CarPlay, and Android Auto offers full connectivity and entertainment options. Cruise control, Bluetooth, and climate air conditioning further enhance the driving experience.

With electric windows, digital radio (DAB), and Ford's renowned build quality, this new model Ranger Wildtrak sets a new benchmark in pickup design and performance.

Flexible finance options are available—please ask for more details. Don't miss out on this exceptional example of Ford's latest and most advanced pickup truck.
