## Description

The 2023 73 reg Mercedes eVito 66kWh 115 L2H1 Progressive Auto finished in Arctic White showcases the perfect blend of innovation, efficiency, and professional versatility. Designed for modern businesses aiming to reduce emissions without compromising on capability, this all-electric Vito offers Mercedes-Benz refinement with zero tailpipe emissions and a smooth, quiet driving experience.

Powered by a 66kWh battery delivering up to 115 bhp, the eVito provides responsive performance and impressive range, ideal for both urban deliveries and longer commutes. Its automatic transmission ensures seamless acceleration and effortless driving, while regenerative braking technology

enhances efficiency on every journey.

The exterior, finished in elegant Arctic White, is complemented by auto headlights and a reverse camera for improved visibility and manoeuvrability. The L2H1 body configuration provides ample load capacity while maintaining easy access and everyday practicality.

Inside, the eVito is thoughtfully equipped with air conditioning, cruise control, and Bluetooth connectivity, creating a comfortable and connected workspace. The rear load area is professionally prepared with a bulkhead, lining, internal racking, and a high-security lock, offering both durability and organisation for tools or goods.

With its exceptional build quality, electric efficiency, and Mercedes-Benz comfort, this 2023 eVito Progressive Auto is a forward-thinking solution for businesses seeking a premium, eco-friendly van that delivers reliability, capability, and sophistication in one package.
